

"Veronica Lewis is one of the most promising torchbearers of American Rock n Roll"~

American Songwriter

She's a virtuoso...national stardom on her horizon.

- Pop Matters

Lewis' soulful sound is a blend of Jerry Lee Lewis, Fiona Apple and Gwen Stefani

- The Morning Call

She is most definitely on the fast track to stardom, and poised to bring new generations back under that big old revival tent that is rock and roll.

- MUNDANE

"Veronica Lewis sings with a sweet, booming soul voice and plays piano like Dr. John, doing Jerry Lee Lewis and Hadda Brooks all at once."

- The Boston Herald

"It's not every day, nor even every decade, that the blues world gets churned up by such a talent as Veronica Lewis...Flaming Vitality, Percussive, Muscular and Mercurial!"

~ ROCK and BLUES MUSE

"Gifted with a voice that combines power with an elastic range, Veronica belts out a narrative with authority and pounds out a piano solo with marvelous muscularity."

~ Downbeat

"Every now and again a young spitfire artist comes along and changes the game or at least ups the ante. Lewis does both."

~ American Blues Scene

"The fire and passion emanating out of her fingertips is frighteningly impressive. Move over Jerry 'cos there's a new Lewis in town"

- The Alternate Root

Absolutely Astounding. MONSTER TALENT"

~ Living Blues
